

Snow and Ice Service Evidence Log

Build a chronological record of weather sources, arrival conditions, service, materials, exceptions, and client notices.

Multiple crews and repeated visits create evidence gaps when a storm is reconstructed from timestamps alone.

Close the record only when every exception has an owner and next step

☐ Weather source is time stamped

☐ Materials show area and quantity

☐ Client notices are recorded

☐ Outstanding areas have owners

☐ All dispatches and passes are listed

☐ Exceptions are photo linked

☐ Final observations avoid safety certification

☐ Event timeline is chronological
